

TEAS & HERBAL INFUSIONS

Our brand reinforce authentic values.

High standards of Quality

Organic raw material

Ecology & Sustainability

Creativity

Innovation

Research and Developing

“Creativity”

Original and unique.
We want to surprise the client.

Attributes that are perceived by the aromas, flavors, textures and design.

Such as: Ratafia Infusion without alcohol, Pacharan Infusion, Strawberry and cream Infusion.

“Innovation and Technology”

Our department of R&D works to improve our products and create alternatives, using the new technologies and technics available in the market.

Innovate to create products according to the trends that are in the market.

“Ecology & Sustainability”

Our teas and Herbal Infusions selection comes from organic plantations and they have the European organic certification. The herbs and tea leaves are packed in 100% biodegradable material. The string, paper and ink are also 100% compostable. We constantly work to use recycle packaging and follow the rules of sustainability environment.

“Quality”

We offer the better quality available in raw materials, manufacturing process, and client' service.

Alma Teas & Herbal Infusions covers the demands of those people who value strength, taste and smell in organic products. People seeking new flavors, without sacrificing the excellence and quality of raw materials.

“Wide range of selection”

58 references including Alma Home and Alma Luxury flavors. A wide range of formats for different needs and demands of the clients.

“Special packs”

“Complements”

“Bolsos con Alma”

Social Responsibility Project

Original used coffee bags are used to make trendy handbags: school bags, tablet and mobile case. Alma together with Càritas (ONG) create this project to generate workplaces for people that needs to reinsert into the market.

This bags are hand made and every bag is unique.

Together we can generate and excellent impact in the market, for clients that look for original, organic and products with high standards of quality.

THANK YOU
